

# SYSTEM DEFINITION

## MOLLY'S KITCHEN ONLINE RESTAURANT

CLASS DIAGRAM FOR MOLLY'S KITCHEN RESTAURANT

Group 23

The system has 4 distinct entities and 1 relationship entity.

**User/Customer** : the one who uses the system or website to order food, view the products or menu and also post review(s).

**Admin**: the one who manages the users, creates products and track other activities in the system.

**Product**: the main focus of the system. The user sees the products and can add them to his/her order(s).

**Review**: a customer or registered user who post reviews about the website or interface, products and more to be added in the future.

**Order**: this contains the products selected by a user. Just like a shopping cart.
